

# Recycling and Composting Container Vendor List

Part of any successful recycling and composting program is setting up the proper internal collection containers. Consistent placement, type, and color of the containers are essential to reach Palo Alto's Zero Waste goal. This list serves as a guide to help you select, purchase, and set up internal containers at your business. Please contact GreenWaste of Palo Alto to consult with an Environmental Outreach Coordinator (EOC) prior to purchasing your internal containers. Contact an EOC at (650) 494-4894 or [PACustomerservice@greenwaste.com](mailto:PACustomerservice@greenwaste.com).
